Floor types

-  Screed
-  Wood
-  Solid concrete / concrete slab

TUFF-FORM (PRE-FORMED FLOOR)

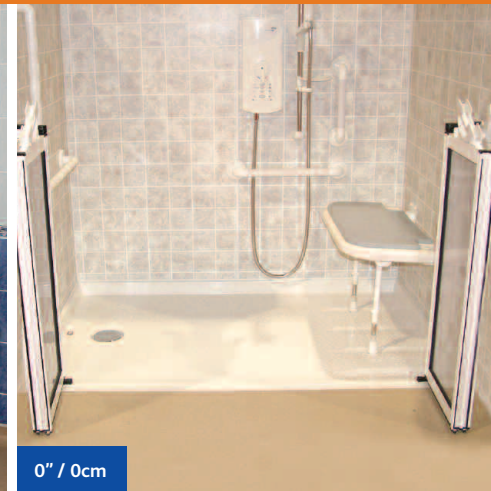

TUFF-FORM (PRE-FORMED FLOOR)

- **Barrier Free** (0" / 0cm). Base height 7/8" / 2.2cm.
- Designed to create **wet floor shower areas**.
- Built-in pitch to drain **eliminates the need to profile the floor manually**.
- Suitable for **vinyl** (left photo) **or ceramic tile** (right photo) floor installations.
- Flexibility to **customize the size** on all models.
- US/Canada standard **bathtub replacement** sizes available.
- Can be installed to meet ADA** requirements.

* Some models; ** Americans with Disabilities Act of 1990

Please visit www.tuff-form.com for more information

MULLEN SHOWER BASE

MULLEN SHOWER BASE

- **Barrier Free** (0" / 0cm). Base height 1 1/8" / 3cm.
- Patented intergrip® **clamping system** secures and seals the floor covering (**vinyl or ceramic tiles**) between the base and the floor to **prevent water seepage**.
- Flexibility to **customize the size**.*
- **Corner and alcove** models available.
- **Can be surface mounted** with the addition of an ADA** compliant ramp therefore no floor preparation is needed.
- US/Canada standard **bathtub replacement** sizes available.
- Can be installed to meet ADA** requirements.

* Some models; ** Americans with Disabilities Act of 1990

MULLEN SHOWER BASE ACCESSORIES

cut-to-length kit

wallboard adaptor

surface mount ramp

> The Cut-to-length kit allows the 70 7/8" / 180cm and 60" / 152.4cm alcove bases to be **reduced in length** to suit the users needs.

> If a wallboard surround is preferred to tiles, the **wallboard adaptor kit can easily be fitted** onto the perimeter of the Mullen base.

• The ADA compliant Surface Mount Ramp **allows the Mullen shower bases to be surface mounted** so little floor preparation is needed.

> shower doors

OPTION E / EW*

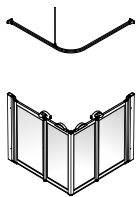

OPTION N / NW*

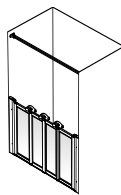

OPTION T / TW*

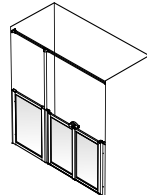

Option E door configuration.

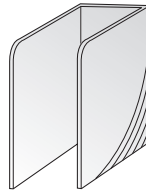

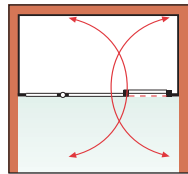

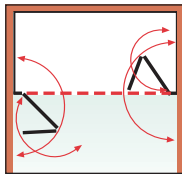

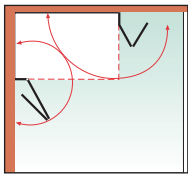

Option N door configuration in an alcove setting (Non-Handed).

Option T door configuration in an alcove setting (Left Hand).

- **Designed** and developed for persons with reduced mobility.
- Doors allow **convenient access for a nurse or care giver** to assist the user in showering, while at the same time **provide water deflection**.
- **Rise and fall hinge system** avoids doors dragging across the floor.
- Option E/EW: Ideal for a **corner** (2 walls) installation to allow maximum opening area.
- Option N/NW: For installation in an **alcove** (3 walls) up to an opening of 60" / 152.4cm
- Option T/TW: For installation in an **alcove** (3 walls) for openings of 70⁷/₈" / 180cm
- Available in **2 heights**: 35¹/₂" / 90cm and 29¹/₂" / 75cm
